

Important Notice

Please be sure to read the message at the bottom of the reverse side.

As of December 2017

Regarding the implementation of the Individual Number system

From January 2016, when opening a PowerFlex account, customers who wish to use the International Cash service (e.g. withdrawals at overseas ATMs) or the overseas remittance service are required to notify their Individual Number (also called “My Number”) in advance.

Furthermore, under changes to the Individual Number system, from January 2018 deposit accounts will be linked with the account holders’ individual numbers. Accordingly people wishing to open or already having a PowerFlex account are required to notify their Individual Number.

When Opening an Account Over the Counter

Customers who wish to use the International Cash service or the overseas remittance service are requested to bring the necessary verification document(s) (See the reverse of this notice.) in order to ensure a smooth account opening procedure and notify us of their Individual Number.

When Opening an Account by Post

After completing the account opening procedures, customers will receive their cash card with documents to be submitted in order to notify us of their Individual Number. Please fill in and send the “Notification of Individual Number”* together with verification document(s) that the Bank specifies. A return envelope will be enclosed.

* The form, “Notification of Individual Number”, is available at branches and via our call center, Shinsei PowerCall.

Note:

Regarding verification documents, be sure to refer to the reverse of this notice. For inquiries, please visit your nearest branch or call our call center, Shinsei PowerCall.

Regarding the Individual Number system

From January 2016, Individual Number is used for administrative procedures related to social security, taxation, and disaster relief.

Consequently, customers who wish to make transactions the Bank specifies are required to notify the Bank of their Individual Number. When providing the Individual Number, verification document(s) such as Individual Number Card, Notification Card, etc. are required.

Regarding the Transactions require the Individual Number

With the implementation of Individual Number system, customers who wish the following services are required to notify the Bank of their Individual Number in advance;

- International Cash service
- Overseas remittance service
- Investment trusts account (*Ippan Koza, Tokutei Koza, and NISA*)
- Yen time deposits for educational and succession purposes

For details about the Individual Number system, please refer to the following websites.
